

Rules for sitoliya

Step 1 :- Make heap of 7 stones in the center.

Step 2 :- From center, measure around 8 feet to mark line from where one of the team throw ball to the heap of stones.

Step3 :- Now 1 team will bat and other will field , decide it by toss or mutual understanding.

Step 4 :- 1 player of batting team will throw the ball and one player of fielding team will stand to catch the ball. And others will spread in the ground.

Step 5 :- batting team can not cross the boundaries otherwise they are out.

Step 6 :- Now player will throw the ball.

case 1:- opponent player catches the ball in one tip and stones are not destructed then player will be out next player will come.

case2 :- opponent player can not catch the ball and stones are also not destructed then he will get another chance up to 3 and after three chances he will out and next player will come.

case3 :- opponent player catches the ball and also stones are destructed then player will get chance from one.

case4 :- opponent player can not catch the ball and stones are destructed now the drama begins.

step 7 :- The aim of the batting team is to arrange stones back in the heap then shout sitoliya and fielding team is to hit the ball to batting player.

step 8 :- Fielding team can not run while having ball in the hand, they can pass the ball to their teammates.

step 9 :- If batting team is able to arrange stones back they will get one point and their all players who are out will be alive again.

step 10 :- If fielding team is able to hit the ball to any one of batting team member then whole batting team will be out and fielding team will do batting.

step 11 :- The team which scores seven points first will be winner.
